POLICY No. 7.4
DATA ACCESS POLICY FOR MEMBERS OF THE PUBLIC

I. PURPOSE

The purpose of this policy is to describe the process members of the public will follow in order to access Success Academy's government data.

II. POLICY STATEMENT

It is the policy of the Board of Success Academy to fully comply with state laws regarding access to government data by members of the public.

III. POLICY

A. The Data Practices Act (Minnesota Statutes, Chapter 13) presumes that all government data is public unless a state or federal law provides that the data is not public.

1. "Government data" is a term that means all recorded information a government entity has collected, created, received, maintained or disseminated, including paper, email, CD-ROMs, photographs, etc.

B. The Data Practices Act also provides that Success Academy must maintain all government data in a way that makes it easy for you, as a member of the public, to access public data.

1. You have the right to look at (inspect), free of charge, all public data that Success Academy keeps.

2. You also have the right to get copies of public data. The Data Practices Act allows Success Academy to charge for copies.

3. You have the right to look at data, free of charge, before deciding to request copies.

IV. HOW TO MAKE A DATA REQUEST

A. To look at data or request copies of data that Success Academy keeps, make a written request to the appropriate individual listed under the "Data Practices Contact" paragraph below.

- B. You may make your written request for data by mail using the data request form below.
- C. If you choose not to use the data request form, your written request should include:
 - 1. That you, as a member of the public, are making a request for data under the Data Practices Act, Minnesota Statutes, Chapter 13;
 - 2. Whether you would like to look at the data, get copies of the data, or both; and
 - 3. A clear description of the data you would like to inspect or have copied.
- D. Success Academy cannot require you, as a member of the public, to identify yourself or explain the reason for your data request. However, depending on how you want Success Academy to process your request (if, for example, you want Summit to mail you copies of data), Success Academy may need some information about you. If you choose not to provide any identifying information, Success Academy will provide you with contact information so you may check on the status of your request. In addition, please keep in mind that if Success Academy does not understand your request and has no way to contact you, Success Academy will not be able to begin processing your request.

v. HOW SUCCESS ACADEMY RESPONDS TO A DATA REQUEST

- A. Upon receiving your written request, Success Academy will work to process it.
 - 1. If Success Academy does not have the data, you will be notified in writing as soon as reasonably possible.
 - 2. If Success Academy has the data, but the data is not public, you will be notified in writing as soon as reasonably possible and state which specific law says the data is not public.
 - 3. If Success Academy has the data, and the data is public, Success Academy will respond to your request appropriately and promptly, within a reasonable amount of time by doing one of the following:
 - a. Success Academy will arrange a date, time, and place to inspect data, for free, if your request is to look at the data; or
 - b. Success Academy will provide you with copies of the data as soon as reasonably possible.
- B. You may choose to pick up your copies, or Success Academy will mail or fax them to you. If you want Success Academy to send you the copies, you will need to provide an address or fax number. Success Academy will provide electronic copies (such as email or CD-ROM) upon request if Success Academy maintains the data in electronic format. Information about copy charges is described below.

- C. If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please notify Success Academy. Success Academy will provide an explanation if you ask.
- D. The Data Practices Act does not require Success Academy to create or collect new data in response to a data request if Success Academy does not already have the data, or to provide data in a specific form or arrangement if Success Academy does not keep the data in that form or arrangement. (For example, if the data you request are on paper only, Success Academy is not required to create electronic documents to respond to your request.) If Success Academy agrees to create data in response to your request, Success Academy will work with you on the details of your request, including cost and response time.
- E. In addition, the Data Practices Act does not require Success Academy to answer questions that are not requests for data.

VI. REQUESTS FOR SUMMARY DATA

Summary data is statistical records or reports that are prepared by removing all identifiers from private or confidential data on individuals. The preparation of summary data is not a means to gain access to private or confidential data. Success Academy will prepare summary data if you make your request in writing and pre-pay for the cost of creating the data. Upon receiving your written request (you may use the data request form below), Success Academy will respond within ten business days with the data or details of when we receive the request.

 - c. If your request is for copies of data that Success Academy cannot reproduce itself, such as photographs, you will be charged the actual cost Success Academy must pay an outside vendor for the copies.
 - d. The cost of employee time to search for data, retrieve data, and make copies is [FILL IN HOURLY RATE - \$25.00] per hour. If, because of the subject matter of your request, Success Academy finds it necessary for a higher-paid employee to search for and retrieve the data, Success Academy will calculate the search and retrieval portion of the copy charge at the higher salary/wage.
